

HOW DOES REVALIDATION DIFFER TO THE PREVIOUS PREP REQUIREMENTS?

As a registered nurse or midwife, from April 2016, you will need to submit a revalidation application with the Nursing and Midwifery Council (NMC) every three years so that you can continue practising.

Essentially, this will replace the NMC Prep standards. In order to complete your revalidation and renew your registration, you will need to demonstrate that you practice safely and effectively. It is important that you familiarise yourself with the new requirements ahead of your revalidation date.

WHAT'S CHANGED?

We have pulled together an at-a-glance overview below:
